 - 3.Solving problems during operations (kick, stuck, losses)
 4. General oil fieldsexperience (tools, equipments, safety)

Halliburton training programs

1. HES Safety Training
 2. HES Training (HMS)
 3. Personal Protective Equipment
 4. Explosive Awareness
 5. Radiation Awareness
 6. First Aid
 7. H2S awareness
- Defensive Driving course
Driving license from Halliburton company for light vehicles .
Crane safety and heavy moving equipments.

Training in Halliburton company in USA “DALLAS, TEXAS” for three months(March-June) 2012. The training program was about all the service tools such as (RBP,RTTS,EZSV,TANDEM TOOLS,CHAMP PACKERS**) running and redressing these tools in the work shop and get them ready for the job.

*Completion tools running such as (**PHL, PPH**) packers

*Inspection for the tool and setting them with the calculation of the depths and the process of setting.

Relevant Skills and Accomplishments

*Experienced in oilfield math and down-hole knowledge.

*Excellent working knowledge of multi-tasking scenarios.

*Outstanding people skills essential for making logistical contacts.

*Good attention to Details, Taking care of the equipment before and after the job.

*Running Service and Completion Tools in Iraq for **BP, ENI, Mobile** in Berjisia ,Rumaila and West Qurna oil fields.

*Running **SSV**'s and **PHL** hydraulic set retrievable packers.

*Running Tandem Job (**RTTS +RBP**) for squeeze, Testing, Fracturing, Acidizing, Swabbing and Redressing down- hole tools.

*Running **CHAMP** packer for Squeeze, Testing, Fracturing, Acidizing, Swabbing.

*Running**EZSV** for Squeeze.

*Shop-related work, redress, tracking tools that are required for the customer.

*Running **RTTS + Circulating Valve** for Acidizing the formation.

*Show leadership inside the working area with taking care of the paper working for the job such as (safety meeting before the job starts, writing the job log in details, HOC cards for the safety environment and rig area)

BP - Training "2014 - 2015 "

- HSE induction
- DDT
- PA "Performing authority "
- Working at height awareness.

Al.Asharcompany

I was working with Al.Ashar company "Pipe fitting and Mechanical equipment company" for 2 years while I was student "2008-2010" and I have different duties :

- 1-Checking the projects maps and supply the customer with the right type of pipes /fitting required .
- 2-Manage the transportation of the materials from the company storages to the working site .
- 3-Checking the testing /material certificate of the materials before sending them to the location .
- 4-Direct contact with customer to check the quality of the job .
- 5-Get contact with the crane drivers and Truck drives to make sure they are doing the job perfectly and with no injures.

Applications

1. Microsoft word
2. Microsoft Excel
3. Microsoft PowerPoint
4. Outlook Express
- 5.Audio Programs
6. HYSYS program "Petrochemical program" for stimulation oil environment and products analysis and calculation .

Hobbies Collects more information about computer and programs, Bodybuilding , traveling, Reading mechanical and designing books, Movies and western songs.
