(964) (0) 7819993416

## PERSONAL SUMMARY

---

A Geologist with professional experience 5+ years across Iraqi Oilfields, in the multiple disciplines of Geology investigation, Formation evaluation and Geology reservoir engineering and Modeling, and Deep Knowledge and experience of Geophysics , Seismic Methods and Processing (VSP). Strong quantitative and analytical skills

## KEY STRENGTHS

---

Ability to adapt quickly to different situations and environment, work under pressure

## PROFESSIONAL EXPERIENCE

---

- Third Party in Majnoon Oil Field as lab. Manager.
- Third Party in Seba Gas Field as lab Manager
- Najebia Electric station Manager of the Lab of soil investigation.

## Skills

---

### ● *Languages*

- English (good).
- Arabic (native speaker).

### ● *Personal & Computer Skills*

- Excellent communication, interpersonal, and supervisory skills
- Professional experience working hands-on in the field for oil wells
- High proficiency in collaborating with other engineers and staff
- Able to work both independently and in a group
- Ability to work in all kinds of working conditions with a flexible schedule
- Ability to compile a set of data to make it readable for anyone
- Familiar with: Petrel, Eclipse 100, Techlog.
- Excellent knowledge of standard software packages Microsoft Office.
- Good experience in Special programs like GIS program, PetroMod and Landmark

## Trainings and Professional Development

---

- Logs and Oil reservoir Training course in Turkey on Nov 2013.
- Landmark training course in BASRA , IRAQ on Aug 2017
- Techlog Training course in Abu Dhabi – UAE on Sep – Oct 2017
- Formation Evaluation Training Course in Abu Dhabi – UAE on Sep – Oct 2017
- Petrel Fracture Modeling course in OSLO, NORWAY On November 2017
- English Language Proficiency Certificate [2018].
- Computer Proficiency Certificate [2018].

## **Education/Qualifications**

---

### **September 2013-December 2015**

Geologist with Master Degree from Basra University (Basra/IRAQ **2015**), my final Project/thesis it's in: (**Geophysical Study For Engineering Geology Purpose**) with final Grade **80.6/100**, My study Deals with: Advanced subjects of [Geo-mechanics, Geophysical prospecting, Petro physics, well logging, Petroleum Geology, GIS and Remote sensing, paleontology, basin analysis, sedimentology and exploration geochemistry and ground water]

### **2009-2013**

B.Sc. Degree in [Geology Department /College Of Science / University Of Basra My Study Deals With: Petroleum Geology, Hydrology, Well Log, Geotechnics, Mathematic, Geophysics, and geochemistry].

### **2008-2009**

Baccalaureate, Scientific Section with an overall of 93%, The-Qar Secondary School.

## ***Membership***

- Member in Iraqi Geological Union. (IGU)
- ANDERA Laboratories.

## ***Interests'***

Photography, swimming,
