

Curriculum vitae of the Faculty of Engineering of Oil and Gas

Personal Information			
Full Name	Assistant Prof Dr. Samira Mohammed Salih Al-Samaracee		
Date of Birth	12-6-1962		
Place of Birth	Basrah		
Nationality	Iraqi		
Marital Status	Married		
Address	Old Asma'i		
E-mail	<a href="mailto:Drsamiraa66@gmail.com">Drsamiraa66@gmail.com</a>		
Scientific Rank	Horticulture and garden engineering		
General Specialty	Medicinal and aromatic plants		
Education			
Certificate	Title of the thesis	University	Country
Doctorate	Effect some Growth Regulators and Vitamins on Growth, Flowering ,Oil yield and Compounds OF Rosa Hybrida L.c.v Sultani	Basrah	Iraqi
Master	Effect of light intensity,Benzyl Adnine and Ethephon on Vegetative Growth and Flowering of Rosa Hybrida L.CV.Sultani	Basrah	Iraqi
Language			
Arabic	√		
English	√		
Other language			
Skills			

Curriculum vitae of the Faculty of Engineering of Oil and Gas

Work experiences		
Career ( now)	From	To
Teaching in the college in addition to an administrative assignment for the position of director of the Student Affairs Department and the official of the Scientific Affairs Division	Teaching from 1986, and administrative position from 2020	I'm still on administrative assignment
Research Activity		
<p>More than 30 research between published research and accepted for publication</p> <ol style="list-style-type: none"> <li>1- Effect of Soil Medium, Bio-Simulative (Bio health) and Method of Application on Growth of Tecoma ( (L) Juss. ex Tecoma stans kunth) and Evaluating its Inhibitory Activity against Cancer and Normal Cell Lines. Indian Journal of Ecology (2020) 47 Special Issue (12): 275-280</li> <li>2- follar spraying Effect of with plant extracts on the flowering growthof Tagetes erecta L. Int. J. Agricult. Stat. Sci. Vol. 16, Supplement 1, pp. 1565-1570, 2020.</li> <li>3- Effect of nitrogenous and phosphate fertilizers on the growth of hanna plant(Lawsonian inermis L.) and their. Indian Ecological S0cicety.</li> </ol>		

Curriculum vitae of the Faculty of Engineering of Oil and Gas

**4- The therapeutic role of medicinal plants in treating corona epidemic disease(Eucalyptus as (Questionnaire study). Forensic Medicine & Toxicology**

**Cultural activities (Conferences and Seminars)**

Activity	Date
The title of the conference (the importance of the national strategy to address the spread of the phenomenon of domestic violence) is a university order to form a committee	The conference was held on 18-19 August 2020

**Awards and Appreciation certificates**

Award/ certificate	Date

**Teaching Experience**

Course	Stage
Teaching many subjects, including 1- Ecology, 2-Environmental Engineering, 3- Environmental pollution, in addition to 4- Medical plants, 5-Design and engineering of outdoor spaces,-Urban design, 7- Environmental design, in addition to other subjects within the specialization for undergraduate and graduate students.	The second and third phases of preliminary studies and postgraduate students, master's and doctoral degrees
Supervising and teaching many postgraduate students, master's and doctoral studies	For Ali Shawqi/Master's Thesis 1- Study and analysis of outer spaces and ways of developing them for the University of Basra/ Karma Ali 2017.

## Curriculum vitae of the Faculty of Engineering of Oil and Gas

**Teaching lectures in training courses held for agricultural engineers in the municipality of Basra, oil and education, and supervising the establishment of annual agricultural exhibitions**

**2-Development and design of the tourist island of Sinbad / Basra city. For student Amjad Hussein Kamel 2018.**

**3-Foundations and design criteria for open outdoor spaces and gardens of school buildings (secondary schools in Basra (as an applied study). For student Abrar Khudair 2018.**

**4- Planning and designing the outdoor spaces for kindergarten buildings (applied study for kindergarten buildings (Basra city). 2020.**

**5- A study of the design foundations for the external spaces of some hospitals in Basra Governorate (an applied study). For student Zainab Nouri 2020.**

**6-Effect of soil texture and biostimulant Bio Health WSG and its addition method on the vegetative and flowering growth of Tecoma stans L.Juss.ex kunth and its biochemical activity. For student Abdul Kazem Nasser 2020.**

**7- Planning and designing the ecological landscape of the open spaces of the water fronts of the city of Basra (planning and designing the Shatt al-Arab Corniche gardens as a model). Under study for student Ali Shawky 2021**
